

EXTENSION ACTIVITY REPORT – 2021-22

NAME OF THE EXTENTION ACTIVITY:

AWARENESS ON MASKS AND VACCINATION

DESCRIPTION:

Date:10/11/2022

The Dept. of Information Science & Engineering students are actively involved in the several social activities like Swachh Bharat, Plantation, NSS activities, COVID awareness programs and technology transfer to villagers and farmers and also knowledge transfer to needy remote places school children.

One of the activities selected by the following students is:

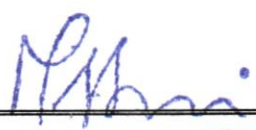

Awareness on masks and vaccination

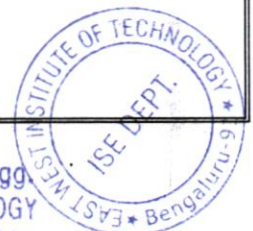

The Details of the Program:

Participated Place	Bangalore
Coordinators	Vishwas Holla, Disha Girish H
Participants	All 5 th sem Students

The 5th sem students of ISE visited different places and gave awareness about wearing mask and getting vaccination to protect against COVID-19 with following details:

Principal & Director

Wear a Mask to Protect Yourself and Others

- Masking is a critical public health tool and it is important to remember that any mask is better than no mask.
- Wear the most protective mask you can that fits well and that you will wear consistently.
- Wearing a high-quality mask along with vaccination, self-testing, and physical distancing, helps protect you and others by reducing the chance of spreading COVID-19.

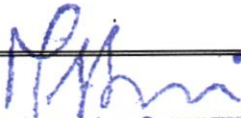

Here are the basics of how to wear a mask:

- Clean your hands before you put your mask on, as well as before and after you take it off, and after you touch it at any time.
- Make sure it covers your nose, mouth and chin.
- When you take off a mask, store it in a clean plastic bag, and every day either wash it if it's a fabric mask, or dispose of a medical mask in a trash bin.
- Don't use masks with valves.

The benefits of getting a vaccine are:

Getting vaccinated could save your life. COVID-19 vaccines provide strong protection against serious illness, hospitalization and death. There is also some evidence that being vaccinated will make it less likely that you will pass the virus on to others, which means your decision to get the vaccine also protects those around you.

Principal & Director
East West Institute of Technology
Bangalore - 560

HOD of Information Science & Engg.
EAST WEST INSTITUTE OF TECHNOLOGY
Off Magadi Road, Bangalore-560 091

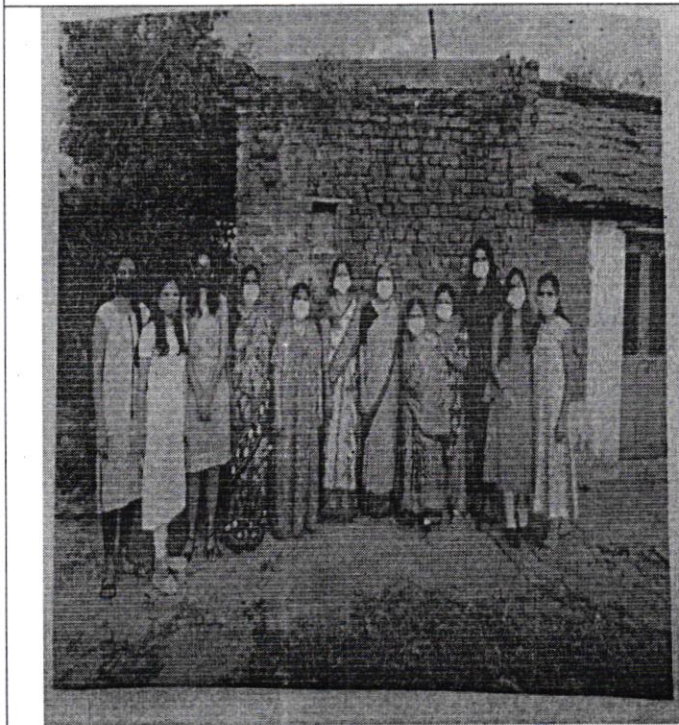

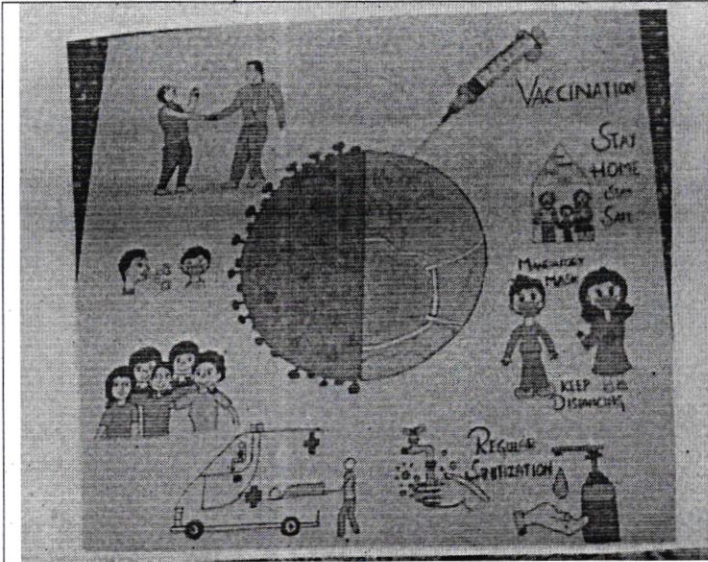

Even after getting vaccinated, keep taking precautions to protect yourself, family, friends and anyone else you may come into contact with. COVID-19 vaccines are highly effective, but some people will still get ill from COVID-19 after vaccination. There is also still a chance that you could also pass the virus on to others who are not vaccinated. Stay at least 1 metre away from other people, wear a properly fitted mask over your nose and mouth when you can't keep this distance, avoid poorly ventilated places and settings, clean your hands frequently, stay home if unwell and get tested, and stay informed about how much virus is circulating in the areas where you travel, live and work.
