BRIEF REPORT

Seminar on NETWORK & CYBER SECURITY.

The seminar was conducted on 20/05/22 at Sir. M V. seminar hall organized by Dept. of ECE in collaboration with Koharent technologies. The resource persons were Mr. Bharath D, Team lead Koharent Global technologies Pvt.ltd and Mr. Nikhil S. Koharent Global technologies Pvt.ltd

The seminar mainly focused on the primary goal and objectives of network security and cyber security. They briefed about Confidentiality, Integrity, and Availability. These three pillars of Network Security are often represented as CIA. The primary objective of Network Security is to prevent the following: Unauthorized access to the network. Disruption or degradation of performance, or any other interference with normal functioning of the network. Use of the network in violation of Responsible use of Information Resources.

They also briefed about the Cyber security and its application in recent technologies, processes, and controls to protect systems, networks, programs, devices and data from cyber attacks. It aims to reduce the risk of cyber attacks and protect against the unauthorised exploitation of systems, networks, and technologies. The primary goal of cybersecurity is to ensure the privacy of information, the correctness of data, and access to authorized users.
