ALUMNI MEET REPORT

East West Institute of Technology (EWIT) hosted Alumni Meet on 18th march, 2023 at the college campus. This meet ensures to build the alumni community into a strong and vibrant association every year. Creating a bond between the alumni and current students and faculty. The alumni meet is to reconnect with the Alumni and celebrate their success and various achievements. This meet aimed to provide a platform for alumni to reconnect with each other, network, and engage in fun-filled activities while challenging themselves and cheering their peers.

The Alumni started arriving in college by 9.00 a.m. and they were received by the registration team and they have been asked to fill the registration form. As a welcome gesture, refreshing drinks were offered to all attendees along with momentous as token of affection. The Alumni Meet started with guest arrival to the venue along with Executive director and principal. The event commenced with the inauguration witnessing the participation of alumni from various parts of the country.

Classical Bharat Natya dance performance by Prof. Dhanyashree, Asst.Prof. and Alumni of Electronics and Communication Engineering. Nadageethe played by CSE department with all audience with standing audition. Invocation song was presented by Prof.Ramya, Dept of CSE, welcome address was from by the Dr. Suresh M B,HOD, ISE. There was traditional auspicious LIGHTENING -LAMP ceremony as a tribute to Mother Saraswati, Goddess of Knowledge by all dignitaries on the dais along with Chief guest Dr. Prakash Raghavendra, of AMD India and distinguished alumni's were also present along with audience.

Dr. S G Hiremath, HOD, ECE, addressed about alumni meet, He Addressed alumni regarding future plans of college and how alumni can contribute to the growth of institute, how they can support for the placement, any skill development programs, workshops etc. Dr. K Channakeshavalu, Principal, EWIT addressed the gathering with all the activities conducted and what are the future plans of EWIT to uplift the institute. Branch wise distinguished alumni's were called on the dais, they could share their views and how they can contribute to the institute.

Dr. Shashikumar, Professor, ECE gave introduction about Chief Guest Dr. Prakash Raghavendra, AMD India. Later Chief Guest addressed the gathering with his experience in industry and gave valuable suggestions to alumni as well current students. Dr. T N Nagabhushana executive director, EWIT addressed audience by his valuable words. Dr. Purushotham B, Admission Director, EWGI gave presidential remarks. There was felicitation to the chief guest and distinguished alumni from different branches. Lastly vote of thanks was given by Dr. Achyutha Prasad N, HOD, CSE. Formal function was concluded with National Anthem.

Lunch was arranged in the campus for all alumni, students and staffs. All are informed to go for lunch at 1.00pm onwards. All alumni are informed to assemble in their respective branches for other activities at 2.00pm onwards.

Felicitation to the alumni by faculty and HOD

One Day Hands on Workshop on “Network Simulator”

MAMATHA, Team lead, Mindera, Bangalore & a proud Alumni of East West Institute of Technology, Bengaluru , presented a workshop on "NETWORK SIMULATOR" conducted by CSE dept. on 10th March 2022. She has 10 years of industry experience. Her areas of interest include Networking, Machine learning etc.

Speaker provides the essential additional skills on Network Simulator (Version 2), widely known as NS2, is simply an event-driven simulation tool that has proved useful in studying the dynamic nature of communication networks. Simulation of wired as well as wireless network functions and protocols (e.g., routing algorithms, TCP, UDP) can be done using NS2. In general, NS2 provides users with a way of specifying such network protocols and simulating their corresponding behaviors.

Alumni Technical Talk on Proxy Servers

The Department of Electronics and communication Engineering had organized Alumni Technical talk on Proxy servers on 18/05/2023 for the benefits of the students. The keynote speakers of the event was Ms. Ashwini R (Alumni), LTI Mindtree, Networking Engineer and Ms. Bhavani (Alumni), Tech Mahindra, Telecommunication Engineer, Bangalore. The technical talk mainly focused on topics related to proxy servers, purpose of proxy servers, working of proxy servers, types of proxy servers and the websites which provide proxy servers. The speaker briefed about the proxy server which act as a intermediate agent between client and server which they want to access, performing functions directed towards a variety of purposes like security, caching etc...

They also mentioned the 2 important purposes such as performance factor and filter request for which proxy servers can be used to improve the efficiency. They also briefed about the working of proxy servers and the types of proxy servers in detail. Students were given brief overview about the proxy servers and website which provides proxy servers such as www.freeproxyserver.ca- which provide a way to bypass school filter, www.proxyblind.org-which is used to hide IP address of the computer, www.publicproxyservers.com-which provides proxy lists solely based on quality parameters of proxy servers and many more were discussed.

ALUMNI TALK on “Marketing Mix”

A brief report on Alumni talk organized by the Department of MBA and Research center , East West Institute of Technology.

Alumni talk organized by the Department of MBA and Research center, East West Institute of Technology, on 15th January 2022 for the 3rd sem MBA students. The guest speaker on this occasion was Mr. Chethan C, an alumnus of MBA 2020 batch who is presently working as a Marketing manager in ACE Design ltd.

The Programme was hosted by the faculty members, Prof. Udayalakshmi C, who welcomed the guest speaker and students. Program started with welcome of the guest speaker with presentation of a bouquet, followed by introductory remarks by Prof. Udayalakshmi C, Asst. Professor, who welcomed guest and elaborated on the need of such interactive sessions and how alumni can work with the Institute to support future generations of students. It was event an students for 3rd sem MBA, EWIT, benefited from the experience of department's alumni. Mr. Chethan covered the topic “Marketing Mix” keeping it interactive from the start. He motivated the students and explained the strategies to apply at various levels of marketing jobs in India and abroad.

Through his lecture, he briefed about students in developing a basic understanding of the 4P's of Marketing, which helps them to understand the concept of marketing mix. Through the first activity, he explained the concept of Marketing with the example of Selling of Painting. After that, he also explained the 4P's of Reebok which are Product, Price, Place, and Promotion, in which he taught us something new about Reebok's marketing mix and presence. He also made students understand the basic structure of market and importance of brand promotion with the help of presentation, and the importance of good influencing skills through which the final of the 4P's approach brings the marketing mix to a close. Reebok is a hugely successful corporation that has nailed both product quality and diversity. The pricing is reasonable and tailored to the demographic and industry it serves. Because of the company's many decades of experience, it has a respectable geographic reach. This session helped the students to be a part of this extraordinary learning experience and enhance their knowledge.

There after Dr. Prathap B N, Professor & Head, Department of MBA presented concluding remarks and mentioned the importance of reach out to alumni and their interaction with current students and advised the students to adhere to the worthy suggestions given by the learned and accomplished speaker.

Program concluded with presentation of vote of thanks by Mr. Abhilash R student of 3rdSem, department of MBA , who thanked the speaker for sparing valuable time to mentor students, sought cooperation for placement of our students in industry. He also thanked student volunteers who managed the programme and the support staff for actively helping out in the smooth conduct of the same.

ALUMNI TALK on “Tips and Tricks for fresher’s to crack the interviews in MNC”

A brief report on Alumni talk organized by the Department of MBA and Research center, East West Institute of Technology.

Alumni talk organized by the Department of MBA and Research center, East West Institute of Technology, on 27th March 2022 for the 4thsem & 2ndsem MBA students. The guest speaker on this occasion was Mrs Preethi M, an alumnus of MBA. 2015 batch who is presently working as a HR in cFIRST Background Checks.

The Programme was hosted by the faculty members, Prof. Pavithra B, who welcomed the guest speaker and students. Program started with welcome of the guest speaker with presentation of a bouquet, followed by introductory remarks by Prof. Pavithra B, Asst. Professor, who welcomed guest and elaborated on the need of such interactive sessions and how alumni can work with the Institute to support future generations of students.

It was event an students for 4th Sem & 2nd sem MBA ,EWIT, benefited from the experience of department’s alumni who has her mark in the current HR trends. Mrs. Preethi covered the topic “Tips and Tricks for fresher’s to crack the interviews in MNC” keeping it interactive from the start. She motivated the students and explained the strategies to apply at various levels of jobs in India and abroad.

She shared vital information about various kinds of roles and responsible, what are the digital skills required for the organization, their grades and how training happens in the organization. She also discussed in detail the requirements to be fulfilled by fresher’s in order to secure their first job, in campus selection as well as in the other modes. She emphasized that fresher’s need to focus on soft skills like communication, body language, problem solving skills, basic software applications like MS Excel and MS PowerPoint as these are the minimum expected skills for any job. She emphasized that the basics of subjects shall have its importance and students should be mastering their subjects well. Students participated with enthusiasm, were interactive and answered questions by the speaker as well as got answers for their queries during the session.

There after Dr. Prathap B N, Professor & Head, Department of MBA presented concluding remarks and mentioned the importance of reach out to alumni and their interaction with current students and advised the students to adhere to the worthy suggestions given by the learned and accomplished speaker.

Program concluded with presentation of vote of thanks by Ms. Vanishree student of 2ndSem, department of MBA, who thanked the speaker for sparing valuable time to mentor students, sought cooperation for placement of our students in industry. She also thanked student volunteers who managed the programme and the support staff for actively helping out in the smooth conduct of the same.

ALUMNI MEET 2021-22

The Farewell for Final year student and Alumni meets 2022 was organized on July 1st, 2022, at the college campus, Kuvempu Seminar Hall, 6th floor by the Department of Electronics and Communication Engineering of East West Institute of Technology. The meet aimed to provide a platform for alumni to reconnect with each other, network, and engage in fun-filled activities while challenging themselves and cheering their peers.

The Alumni Meet along with farewell to final year students started with chief guest Mr. I V Sharma Former Director(R&D), Bharath Electronics Ltd, along with guest of honour as alumni's Mrs. Preethi P, CTO Director, Beneng design and manufacturing Pvt. Ltd. and Sandeep S C, Application Developer Specialist Volvo IT, Bangalore. The event commenced with the inauguration witnessing the participation of alumni from various parts of the country. The programme started with Invocation song. Nadageethe was played by students with all audience with standing audition. Welcome address by the Prof. Divya, ECE.

There was traditional auspicious LIGHTENING -LAMP ceremony as a tribute to Mother Saraswati, Goddess of Knowledge by all dignitaries on the dais along with chief guest Mr. I V Sharma Former Director (R&D), Bharath Electronics Ltd, along with guest of honour as alumni's Mrs. Preethi P, CTO Director, Beneng design and manufacturing Pvt. Ltd and Sandeep S C, Application Developer Specialist Volvo IT, Bangalore and distinguished alumni's were also present along with audience.

Dr. S G Hiremath, HOD, ECE, addressed about alumni meet, He Addressed alumni regarding future plans of college and how alumni can contribute to the growth of institute, how they can support for the placement, any skill development programs, workshops etc. Dr. K Channakeshavalu, Principal, EWIT addressed the gathering with all the activities conducted and what are the future plans of EWIT to uplift the institute. Prof. Manasa, Asst.Prof, ECE gave introduction about Chief Guest Mr. I V Sharma Former Director (R&D). Later Chief guest addressed the gathering with his experience in industry and gave valuable suggestions to alumni as well current students. Dr. T N Nagabhushana Executive Director, EWIT addressed audience by his valuable words. Dr. Purushottam B, Admission Director, EWGI gave presidential remarks. There was felicitation to the chief guest and distinguished alumni. Lastly vote of thanks was given by Prof. Manjula B B. Formal function was concluded with National Anthem.

Lunch was arranged in the campus for all alumni's, final year students and staffs in 6th floor. All are informed to go for lunch at 1.00pm onwards.

All Alumni's and final year students are informed to assemble in the same venue for cultural activities at 2.00pm onwards.

OUTCOMES:

Alumni meet is a gathering of passed out students of an institution and it is a place where the institution feels proud on seeing its successful alumni.

1. Alumni Meet, creates a special bonding between the students who have passed out & who have established themselves already in the big, outside world.
2. During the meet, the alumni shared their experience in the outside world, which they faced after stepping out of the institution with our students.
3. After the interaction with students, they volunteered themselves to help the fellow students regarding Internships, Placements, Guest lectures & Workshops.
4. The meet also creates a platform to identify the college's most distinguished alumni.

FEEDBACKS:

The following feedback was received from the alumni:

1. After the interaction with students, they volunteered themselves to help the fellow students regarding Internships, Placements, Guest lectures & Workshops.
2. Rejoining should be periodic.
3. Great Hospitality.

Alumni Technical Talk on How to Make a Digital Twin

The department of Electronics and communication Engineering has organized Alumni Technical talk on How to make a Digital Twin on 25/3/2021 for the benefits of the students. The key speaker of the event was Dr. Madhura S, HOD Department of Electronics and Communication Engineering, RVITM, Bangalore. She discussed on what is digital twining and how to create a digital twin. A digital twin is basically the replica of any physical system or object in the virtual world. The primary objective of a digital twin is to carry out user-friendly simulations. It also aids businesses in making model-driven decisions.

The resource person also shared her knowledge about creating a blueprint. Aligning stakeholders on a clear vision of digital twins, Build the base digital twin, Boost its capabilities. Technologies needed to create digital twins, Types of digital twins and application of digital twin. She played videos on how to create a digital twin of a machine, 3D models with drones for reporting.

Alumni Interaction on Opportunities in “IoT Embedded System”

The Department of Electrical and Electronics Engineering arranged a “Alumni Interaction” on opportunities in “IoT embedded system” on 23/05/2022, Monday at 10.30 AM to lower semester Electrical Engineering Student at Class room.

The speaker of this program was Mr. Jayanth Alumni of (2017 – 2021) batch. Speaker provides the essential additional skills required to become more employable. The explosive growth of the “Internet of Things” is changing our world and the rapid drop in price for typical IoT components is allowing people to innovate new designs and products at home.

The Speaker outlined the significance the importance of IoT in society, the current components of typical IoT devices and trends for the future.

ALUMNI TALK on “Entrepreneurship development”

A brief report on Alumni talk organized by the Department of MBA and Research center, East West Institute of Technology.

Alumni talk organized by the Department of MBA and Research center, East West Institute of Technology, on 28th July 2021 for the 4th sem & 2nd sem MBA students. The guest speaker on this occasion was Mrs. Kavya K, an alumnus of MBA. 2015 batch who is presently working as an Entrepreneur in KLV software LTD.

The Programme was hosted by the faculty members, Prof. Pavithra B, who welcomed the guest speaker and students. Program started with welcome of the guest speaker with presentation of a bouquet, followed by introductory remarks by Prof. Pavithra B, Asst. Professor, who welcomed guest and elaborated on the need of such interactive sessions and how alumni can work with the Institute to support future generations of students.

It was an event students for 4th Sem & 2nd sem MBA, EWIT. Mrs. Kavya K covered the topic “Entrepreneurship development” keeping it interactive from the start. She motivated the students and explained the strategies to apply at various levels of jobs in India and abroad.

She shared vital information about the "Empowering Youth Through Alumni Engagement" talk was an insightful event focused on the role of alumni networks in supporting and guiding today's youth. The talk aimed to explore the significance of alumni involvement in youth development, share success stories, and discuss strategies to create impactful alumni-youth connections. And also she shared the importance of Entrepreneurship fuels economic growth by creating new businesses, industries, and employment opportunities. Entrepreneurs often introduce innovative products and services, which can lead to increased productivity and competitiveness.

There after Dr. Prathap B N, Professor & Head, Department of MBA presented concluding remarks and mentioned the importance of reach out to alumni and their interaction with current students and advised the students to adhere to the worthy suggestions given by the learned and accomplished speaker.

Program concluded with presentation of vote of thanks by Mr. Mahesh GV student of 4th Sem, department of MBA , who thanked the speaker for sparing valuable time to mentor students, sought cooperation for placement of our students in industry. He also thanked student volunteers who managed the programme and the support staff for actively helping out in the smooth conduct of the same.

Mr. Prabhanjan L V has 10 years of experience across industry, currently working as the Senior Associate in KPMG, America. He is an Alumni of ISE Dept., EWIT who pursued Masters in Computer Science at AUBURN University. His interest includes Software Development, Back-end Development and Service Now Development.

Well versed in Technologies like Python, JavaScript, C, C++, Perl Scripting, cloud technologies such as Ceph, OpenStack, Docker etc., network skills such as TCP/IP, HTTP, SFTP, OSPF, BGP, MPLS, DHCP, OSI Model etc.

Topics to be covered:

1. Importance of Engineering Education
2. Carrier Path after Graduation
3. Higher Education and prerequisites
4. Future Directions.

Brief Report of the Seminar

1. The speaker Mr. Prabhanjan L .V briefed about Importance of Engineering Education and the vital role it plays in providing the solution to real time problems,
2. Briefed about Carrier Path after Graduation, opportunities to students oversea and how one can utilize those opportunities.
3. Exposure about Higher Education, Competitive exams one should take up, Universities and Scholarships one can apply for.
4. Future Directions – what next after graduation?
5. Briefed about importance of Technical education and how one can enhance technical skills.

One Day Hands on Workshop on “Machine Learning”

DIVYA JOSHI ,Technical lead , Oracle India & a proud Alumni of East West Institute of Technology, Bengaluru , presented a workshop on "PYTHON PROGRAMMING" conducted by CSE department on 25th October 2017. She has 6years of industry experience. Her areas of interest include SQL Databases, Programming etc.

Speaker provides the advantages of python programming where Users can create new kinds of applications using the Python programming language. Because of its versatility, this language permits the operator to try new things. Because of the language, the user is not prevented from trying something new. Python is favored in these scenarios since other programming languages lack the flexibility and freedom that Python does.

Alumni Technical Talk on Artificial Intelligence and IoT Applications for Smart City Development

The department of Electronics and communication Engineering has organized Alumni Technical on Artificial Intelligence and IoT applications for Smart City Development on 19/4/2020 for the benefits of the students. The key speaker of the event was Prof. Madhura S, Assistant Professor, Department of Electronics and Communication Engineering Dayanand Sagar College of Engineering, Bangalore. She said that AI and IoT are transforming lives and beginning to transform our cities too. Cities are getting smarter due to enormous growth in the Internet of Things (IoT) and AI-powered which processes the huge datasets generated by running and monitoring urban centres.

She focused on how Intelligent IoT solutions should be used to optimise infrastructure to engage citizens in the management of services. She spoke on where smart city activities and technologies have commonly been about producing data and gaining new knowledge on the complexity and dynamics of a city, AI takes cities to the next step of utilising the data and knowledge to support decision-making. She discussed on how AI applications in smart cities can be categorised based on the dimensions.

She Explained about AI applications can improve and innovate water and energy infrastructures, urban services and promote empowered and resilient communities in smart cities. Finally concluded with discussing on the future applications and challenges of smart city.

Alumni Interaction on Opportunities in “PCB Design and Manufacturing”

The Department of Electrical and Electronics Engineering arranged a “Alumni Interaction” on opportunities in “PCB Design and Manufacturing” on 23/11/2019, Saturday at

10.00 AM to lower semester Electrical Engineering Students at Seminar Hall.

The speaker of this program was Mr. Naveen G, Alumni of (2015 – 2019) batch. Speaker provides the essential additional skills required to become more employable. PCB design combines many of the fundamental concepts in electrical and electronics engineering with a focus on designing a physical product. Creating a manufacturable PCB is like solving a complex puzzle, where the rules are based on fundamental concepts in electrical engineering.

The Speaker also outlined the job opportunities available in PCB Design and Manufacturing sector.

Alumni Talk 2019 on Entrepreneurship Challenges and Opportunities in Mechanical Engineering Industries

The Department of Mechanical Engineering arranged a Alumni Talk on Entrepreneurship challenges and Opportunities in mechanical Engineering industries on 22-11-2019, Friday to lower semester students of Mechanical Engineering at SMV seminar Hall.

The speaker of the program was Mr. Nagendra, Alumni of 2005 batch. Speaker addressed the junior students on trends and opportunities outside market software's to learn in order to compete in job race. As he is running his own industry, he addressed the challenges and benefits of being Job Provider rather than Job seekers. Mr. Nagendra also emphasized on the facilities and financial support from the government to new industry setup.

Mr. Nagendra along with HOD and Principal lightened the lamp

Alumni Talk 2018-19

The Department of Master of Computer Applications organized an Alumni Talk on 06/09/2019 regarding Career Guidance in IT industries to lower semester students of MCA at 608 Classroom.

The speaker of the program was Ms. Shwetha shri K – Software Engineer, Knemo IT solutions Bengaluru, Alumni of MCA department 2011-2014 batch. Speaker addressed the junior students on career guidance, trends in IT industries.

About the Speaker:

Ms Shwetha shri K working as Software engineer for knemo IT Solutions, She has a 4+ years of working experience in IT industry. She has also worked in Apex Decisions Pvt ltd Bengaluru for 2 years as a Data analyst.

Topics covered by the Speaker:

- Introduction to Career Guidance
- Benefits of Career Guidance
- 10 Reasons why Career Guidance is Important for Students
- Why is Career Counselling important in India?
- How does Career Counselling help?
- Is Career Counselling only for young adults?
- What are the benefits of Career Counselling?

Speaker addressing the students

Speaker addressing the students

Alumni:

The Alumni Association of EWIT maintains and enhances a highly engaged vibrant community of alumni and friends worldwide. The latter was formed on 23rd February 2007. EWIT Alumni Association approximately has more than 20000 alumni. The purpose of the EWITAA is to promote the welfare of EWIT and to establish a mutually beneficial relationship between EWIT and its alumni. The EWITAA also plays a critical role in fostering alumni-to-alumni connections opportunities. EWIT Alumni contribute their time, energy and expertise to help EWIT fraternity grow, develop and prosper.

Objectives of EWIT Alumni Association:

- To develop interaction or help to increase interaction between the Institute and alumni and also between present students and alumni of the institute.
- To Provide industrial training, student internships, placement and other facilities to the present students
- Organize value added activities to the students such as personality development, guest lectures, seminars, research events etc.
- Provide consultations, services, testing facilities to industries associated with alumni.
- Encourage educational, cultural, sports and other activities
- Publish journals, newsletters, books and other professional materials for circulation among its members.
- Assist the faculty and students of EWIT in various value-added activities like curriculum development, sponsored research projects, case study development, etc.
- Extend possible Corporate Social Responsibility (CSR) service to the local community.
- Help the institution for establishing a center of excellence through the support of Alumni.

EAST WEST INSTITUTE OF TECHNOLOGY

ALUMNI REPORT

Vision

To be an Institute of Academic Excellence in Technical and Management Education on par with global standards to meet changing needs of the Society.

Mission

- To impart high quality technical education that nurtures the spirit of inquiry.
- To foster technological innovation.
- To give fill up to all round personality development.
- To implant ethical and social commitment that grooms the students to become responsible citizens.

Quality Policy

- To inculcate the values of DISCIPLINE, DEDICATION, DETERMINATION and DIVERSITY and inspire the young students to imbibe them scrupulously.
- To standardize and document every activity as per stipulated quality policy.
- To pave way for sustainable knowledge based education to replace the ubiquitous examination oriented education.
- To develop compassion to fellow citizens.

Objectives

- To enhance capacity development in the Institution.
- Attaining excellence in teaching - facilities and methodologies.
- Improving competency of Staff & students.
- Enhancing Institution Industry Collaboration.
- Strengthening Academic reforms in the Institution.
- To nurture the holistic development of students community.
- To impart quality oriented teaching pedagogies in enriching young minds.
